Features	Organic, Biodynamic
Alcohol by volume	12.5%

Product information

Age of Vines: 20-35 years old.
Yields: 45 hl/ha. 1600 cases produced.
Pruning Method: Gobelet
Soil: red Mediterranean type, scattered with limestone.

Vinification Method: The vines are hand harvested & destemmed before they are pressed. A pigeage occurs & fermentation lasts two or three weeks. Only natural yeast are used & the wine is fermented & aged in temperature controlled stainless steel tanks. The wine is bottled without fining or filtration.

Tasting Note: Dark ruby in the glass with shimmering purple highlights. Beautiful scents of red currant, ultra-ripe pomegranate flesh, crushed plums & warm pear skins emerge. The palate delivers loads of red & black fruit flavors backed by a pretty dusting of mineral infused garrigue. This wine is an outstanding value.

Pairing: Works with a wide variety of red & white meats right off the grill, aged sheep's & goat's milk cheeses & spicy sausages.

Producer information

Magali and Dominique Terrier have worked in diverse wine-growing regions throughout France. Over a decade ago they began seeking out a terroir where they could freely express their passion for making extraordinary organic wine and that search lead them to the Languedoc. A decade ago Magali and Dominique Terrier first set eyes on Peyriac de mer, a diamond in the rough with a breathtaking view of the Mediterranean Sea, and it was love at first sight.
