

Domaine Les Génestas

CÔTES DU RHÔNE VILLAGES SIGNARGUES AB

Michel TREBILLON, owner of the Domaine, is very anxious by nature and the delicate selection of the right plots for his cuvée gave him many sleepless nights. But the results are deeply satisfying and since his sons Jean-Philippe and Thierry are now 100% involved in the family business, the future is looking good!

On the vine: The name comes from this Côtes du Rhône Villages area, where perfumed broom and vines mix in profusion. This terroir, just below the village of Estézargues, is on a south-west facing hillside of clay and pebble mix. The blend of this cuvée gives it an authentic southern accent: Grenache, Syrah, Mourvèdre and a touch of Cunoise, a grape variety of the southern Rhône Valley which brings to the blend its unique spicy notes.

Blend: Grenache N., Syrah, Mourvèdre & Cunoise.

Vinification: Following the classic red winemaking process at the Cave d'Estézargues. The grapes are harvested at full maturity. Vatting of about 3 weeks guarantees the full expression of this rich, individual and powerful vintage.

Tasting: The ideal south-western exposure promotes a harvest of perfect maturity giving the wine its roundness and appetizing warmth. The individuality of Mourvèdre lends a particular style to the cuvee where black fruits, spices and aromatics meld together. This complex blending brings stability, harmony and balance in the mouth. Ripe tannins amplify full and velvety flavours.

Serve relatively chilled: 16°C
Aging: approximately 3 years
UNFILTERED WINE
